## Gender policy

Respect for women is paramount in college. Women's participation should be mandatory in all important decisions of the college

The College is conscious of preparing today's young students to become responsible citizens of the world. Gender equality is a strong pillar of the college and with this the college has finalized a Gender Policy to ensure gender sensitivity, healthy relations between the genders and aims to create equal opportunities for all

The College should endeavor to provide an open and safe environment to the students for teaching-learning experience and all other activities in the College

Infrastructure – There should be a common room for girls, toilets for girls and also a help center

Security -Installation of security CCTV cameras and controlled access to the main gate of the college for outsiders, besides, arrangements should also be made for self-defense training of girls.

Equal opportunity for all is an absolute necessity

Care should also be taken to provide support to girls in training and enhancing their skills.

While planning sports events, girl students should be encouraged to participate in competitions and play a sport regularly

Entrepreneurship and skill enhancement training and motivation should be provided to girl students to encourage them to become entrepreneurs.

Guidance on how boys and girls should behave with each other and how to adjust their expectations towards the opposite sex is extremely important

Girls should be provided counseling towards the opposite sex

Teachers should also become guides to remove the fear arising from changing gender relations and provide proper guidelines.

Redress Mechanism Create awareness about government policy against sexual reassignment and establish a redress mechanism

Along with all new laws protecting women's rights, awareness should be created about the causes and corrective steps of gender harassment

All efforts should be made for the participation of girls and selection of programs in the common scheme of the association of colleges.
