SBS Govt. P. G. College, Pipariya

Format for Academic Curriculum, Session 2020-21

Class: B.Sc. II Year

Subject: Zoology

Paper & Title: Paper I Vertebrate and Evolution

Overview:

Biology is the science of life forms and living processes. The living world of animal's diversity comprises both chordates and non-chordates. Chordates are animals characterized by the presence of a notochord. In higher chordates fish, amphibian (frog), reptiles (lizard and snakes), birds and mammals (humans), notochord is replaced by a vertebral column. In this paper we have to study about the comparative account of various organs of chordates. Evolutions of chordates on earth are supported by different theories. Lamarckism, Darwinism, de-Vries and modern concept of evolution explain micro, macro and mega process of evolution and adaptation. Furthermore, evolutionary processes are supported by fossils record, zoo-geographical distribution and geological time scale.

Plan of Examination:

Theory		Internal Assessment		Total
Maximum Marks	Minimum Passing marks	Maximum Marks	Minimum Passing marks	
40	14	10	4	50

Scheme of Theory Examination:

Question Paper Contains 3 Sections

- Section A This section will contain 5 objective type Questions, One from Each Unit.
- Section B This section will contain 5 Short Answer type Questions (Each having Internal Choice), One from Each Unit.
- Section C this section will contains 5 Long Answer type Questions (Each having Internal Choice). One from Each Unit.

Scheme of Internal Assessment:

- Internal assessment may be taken online / offline using multiple choice question or short long answer type questions or class presentation, group discussion, home assignment etc
