2. STUDENT'S FEEDBACK DATA COLLECTION

3. STUDENT'S FEEDBACK ANALYSIS

The survey results reflect a generally positive evaluation of various aspects of the college curriculum and facilities. Most students rated their understanding of the course material and its applicability highly, with 69% marking it as "Excellent" and 20% as "Very Good." Course employability received mixed reviews, with 45% rating it "Excellent" but a notable number (25%) rating it "Very Good" and some expressing lower satisfaction. Teaching methods were well-received, with 60% rating them as "Excellent". The courses usefulness for skill development also earned high ratings (62% "Excellent"), as did methods for curriculum enhancement through internships and seminars (70% "Excellent").

Continuous evaluation methods were rated positively, with 70% marking them as "Excellent." Practical subject facilities received good reviews, though slightly lower, with 65% rating them as "Excellent." The transparency in the evaluation process and timely course completion were also rated highly, with 73% and 70% marking them as "Excellent," respectively. Finally, course books and library facilities were rated very positively, with 74% marking them as "Excellent."

6. TEACHER'S FEEDBACK DATA COLLECTION

7. TEACHER'S FEEDBACK ANALYSIS

The survey data indicates a generally positive perception of the curriculum and syllabus. A majority strongly agrees that the curriculum is need-based (70%) and that course outcomes are clear (65%). Library resources are sufficient (62%), and the balance between theory and application is good (64%). The syllabus enhances knowledge (66%), and most are satisfied with achieving course outcomes (70%). However, there is mixed feedback on the freedom to modify the syllabus (45% strongly agree, 23% disagree) and adopt new teaching techniques (42% strongly agree, 16% disagree). College administration's support for slow learners is highly rated (72%), but contributions to curriculum development show less strong consensus (36% strongly agree, 23% disagree). Overall, the curriculum is well-regarded, with some areas for improvement.

8. ACTION TAKEN REPORT OF TEACHER'S FEEDBACK

Question's	Action Taken
Curriculum and Syllabus are need based.	Continue periodic reviews to ensure the curriculum meets current industry and academic needs. Engage with stakeholders for ongoing relevance.
The course outcomes are well defined and clear.	Conduct workshops for faculty to align on outcome objectives and assessment methods.
Sufficient number of relevant reading materials and digital resources are available in the Library.	Increase acquisition of up-to-date reading materials and digital resources. Enhance access to online databases and journals.
The course has good balance between theoretical and its application.	Continue to ensure courses have a balanced approach. Introduce more practical sessions and real-world projects.
This syllabus enhanced your subject knowledge and its perspective area.	Regularly update the syllabus to include emerging trends and perspectives. Incorporate feedback from alumni and industry experts.
You have the freedom to propose, modify, suggest and incorporate new topics in the syllabus through proper forum.	Establish a more transparent and accessible forum for syllabus suggestions.
You have the freedom to adopt new techniques, educational tools and strategies in teaching.	Provide professional development opportunities focused on innovative teaching methods.
You are satisfied to achieve the minimum required course outcomes attainment for your class.	Continue to support faculty in achieving course outcomes. Provide additional resources and training as needed.
College administrations have taken the sufficient steps for slow learner students.	Maintain and expand support programs for slow learners. Regularly assess and improve intervention strategies.
You have contributed to the development of curriculum and syllabus.	Increase opportunities for faculty to participate in curriculum development.

16. ACTION TAKEN REPORT FOR ALUMNI FEEDBACK

Question's	Action Taken
The course you studied proved meaningful in your professional life.	Integrate practical assignments that mirror real-world scenarios.
You agree with the process of revising the course content at reasonable intervals during your college tenure.	Advised faculty member's to involve the Board of Studies member of the university.
The course you studied is relevant in the current times in the context of skill development, knowledge enhancement and critical thinking.	College organize seminar, webinar, workshop and some training program related to skill development, knowledge enhancement and critical thinking
You agree with the aims and objectives of the course.	Advised to faculty members to achieve learning outcomes of the relevant program.
You agree to the availability of prescribed course book and course material during your study time.	Explore options for digital libraries or online resources where students can access necessary textbooks and reference materials.
The course you studied was relevant to enhance your practical competencies.	Continue incorporating practical assignments and real-world applications in the curriculum.
The course you study is relevant to the job and industry requirements.	Invite professionals to give guest lectures and share industry insights.
Did you agree with the concept of syllabus and clarity?	Ensure it is easily accessible and provide detailed explanations for each module of the curriculum planning.
You agreed with the time table and curriculum plan of the teachers for conducting the course.	Maintain open communication regarding any timetable changes by important notices.
You agreed with the innovative techniques adopted by the teachers to teach the curriculum.	Provide opportunities for teachers to attend training programs, workshops and conferences.
